Game Show Golf

On Thursday, September 28th, KANDU's 15th Annual WINNERS Golf Outing was held at Glen Erin Golf Club in Janesville. Golfers experienced a beautiful fall day, along with "Game Show Golf" themed food, décor and mini games. Teams participated in 18 holes of golf along with a men's and women's longest drive competition and three opportunities for an extravagant hole-in-one prize. New this year, two popular game show themed mini games, Plinko and a prize wheel, offered players a fun opportunity to win extra mulligans, drink tickets or prizes. A delicious lunch and dinner were provided by Best Events and following the game, golfers indulged in a relaxing round of hors d'oeuvres and camaraderie. Evening festivities included a live and silent auction, raffle and an awards ceremony. Traveling trophies were presented to the winning foursome from TRICOR Insurance: Seth Frisbee, Matt Marquette, Matt Newman and Joe Rose.

Other prizes were awarded to the following contest winners:

Longest Drive (Men) – Joel Bailey

Longest Drive (Women) – Amy Carrey

Longest Putt - Dan Collins

Congratulations to all of our winners and a special thank you to all of our generous sponsors, golfers and volunteers who made this event such a success.

On September 15th, KANDU participated in the 2017 Rock County Senior Fair at Janesville's Holiday Inn Express. Participants had access to over 80 local agency and business booths, as well as health screenings, immunizations and three free workshops. Program Director, Julie Smith and Development Assistant, Kristin Larson presented a booth for KANDU's Day Services/Memory Care Program and Guardian Advocate Program (GAP), offering information and answering questions about the beneficial services. It was a great opportunity to spread awareness of KANDU's programs and invite participants to tour our facility.

KANDU's Day Services/Memory Care Program is an activities-based program for adults with disabilities or memory impairments that emphasizes improvement in physical, mental and social well-being through expert care and an understanding of each participant's individual abilities.
